Subject: Recommendation letter for JSL Global WLL (Doha-Qatar) for their local import-export clearance, temporary importation, local transportation for project cargo

Dear Sir/Madam,

This is to share that we have found JSL Global Doha local transport/local import-export services satisfactory for our Idris MTS01 importation (temporary & permanent) of several project cargo like TBMs, Muck Car, Steel pipes, Generators, Locomotives, Rolling Stocks & other water treatment plant raw material importation.

We would like to highlight one of challenging project handled by JSL Doha in 2016 for us.

**Details:-**

**Project Name:- Idris MTS01 (Inner Doha Resewerage Implementation Strategy)**

**Main project cargo handled: 02 TBMs / @3000 CBM / @670MT/ 42 Pieces)**

Scope of work: local import clearance & temporary import permits, loading of cargo at port, route survey, police permits & transportation till site, offloading of cargo using suitable cranes

Time: @July-Aug, 2016

We would like to highlight that JSL Global's operation team specially at Seaport is quite proactive. They have helped us to have prompt approvals for our temporary importation cargo and given us good guideline for our difficult cargo with documentation issue etc. We also have observed that they have professional team in their Project Division and have handled project for our WS9 & WS10 water treatment plant export from Qatar to Europe.

We wish all the best & success to JSL Global Doha team for their future project work in Qatar & Gulf region

Thanking you,

Best Regards,

Abdul Mugeeth Siddiqui  
Logistics Officer  
Bouygues Travaux Publics  
Project - IDRIS.MTS01-03.1V  
Doha, Qatar.
